## Sydney and J.L. Huffines Institute for Sports Medicine and Human Performance FY 2022-23 Graduate Student Research Presentation Travel Grant

### Purpose

The purpose of the Sydney and J.L. Huffines Graduate Student Research Presentation Travel Grant is to provide financial support for graduate student travel to present the results of scientific research at national or international professional meetings. This funding is meant to be a supplement, not the primary source of travel funding for the student researcher. Thus, Investigators are encouraged to develop independent student researcher funds for their lab staff.

### Eligibility

To be eligible, the applicant must:

- Be a Huffines student affiliate working under the direct supervision of a faculty affiliate member of the Huffines Institute.
- Be in good academic standing with the university.
- Research not submitted or accepted for presentation will result in withdrawal of award.

### Limitations

- An applicant may **not** receive more than one Huffines Travel Grant in a fiscal year.
- Funding is limited to costs associated with travel to present scientific research at national or international professional meetings. The research must contribute to the mission of the Huffines Institute.
- Applications will be evaluated for appropriateness of expense estimate.
- Travel award is for proposed meeting site only.
- It is the applicant's responsibility to know and comply with all Texas A&M University System policy and procedures governing official travel.
- The presentation should clearly indicate that **THE SYDNEY AND J.L. HUFFINES INSTITUTE OF SPORTS MEDICINE AND HUMAN PERFORMANCE** provided funds underwriting the travel and the logo of the Institute should be placed on the poster/title slide of the presentation.
- The total pool for travel awards in 2022 is \$8,000. The maximum travel award given will be \$800.
- Applicants not receiving travel funds from KNSM department or School of Education and Human Development will have priority for Huffines awards.

### Post Award Requirements (all must be completed for subsequent eligibility for other Huffines' Awards)

- Submit required receipts in compliance with Texas A&M University System policy within 90 days of travel.
- Submit to Huffines Director final abstract of presentation and bibliographic reference for published abstracts (must be submitted to be reimbursed).

### Submission Procedures (please read carefully; submissions will be returned if these procedures are not followed)

- Submission deadline is 5 pm Central Time, **December 1, 2022**. Late applications will not be considered.
- Handwritten applications (even cover pages) will not be accepted
- When calculating costs please refer to the TAMU out of state travel website [http://www.window.state.tx.us/fm/travel/out\\_of\\_state/mealrates.htm](http://www.window.state.tx.us/fm/travel/out_of_state/mealrates.htm) per diem allowances. When calculating room rates, please use 1/2 room expenses if you plan on sharing room expenses.
- Save the application, the required abstract, and the required lay article as one .pdf file. Please title the resulting pdf: "your\_last\_name\_Student\_Travel\_2023.pdf".
- Email the .pdf to [huffines@tamu.edu](mailto:huffines@tamu.edu).
- Please follow all requirements exactly, including submission of lay article with application.

Our mission: to be the bridge between scientists, practitioners, and the lay public in all aspects of sports medicine and human performance, with a particular focus on athletic performance.

Graduate Student Research Presentation Travel Grant Application**

Name: \_\_\_\_\_ Phone #: \_\_\_\_\_ Date: \_\_\_\_\_

E-mail: \_\_\_\_\_ Unit/Department: \_\_\_\_\_

Applicant Status:      Graduate Student      Recent Graduate: \_\_\_\_\_

Presentation Title  
**(attach abstract of presentation)**

Scientific Meeting/Conference Title:

Have you received a KNSM or SEHD travel award for 2022-23 travel?    yes    no

Destination:    City: \_\_\_\_\_      State: \_\_\_\_\_      Country: \_\_\_\_\_

Dates of Travel:    Depart: \_\_\_\_\_      Return: \_\_\_\_\_

**Attach to this application** a 500-word article on the topic of their research that will be presented, written at the lay-level, for subsequent publication on the Huffines’ website. This 500-word article will be a major criteria for deciding on which applications to fund. Thus, it is suggested that you carefully construct this lay article using the suggestions for the web-content development guidelines on the Huffines Institute website. Articles from non-funded applications will be given separate consideration for acceptance and payment under the Huffines Content Development program (i.e. you may still be paid for your article if it is well-written and interesting, even if you do not get a Travel Grant).
